

TO KNOW THE FIBER:

--- The Bamboo Charcoal Fiber

--- Features of the Bamboo Charcoal Fiber

Construction and design

Made of high percentages of long-staple of antibacterial bamboo charcoal fiber and Lycra yarn to get further warming, in the meaning time , very easy to take off or wear .

A great designed , very light, nice touch and its neutral gray is very easy to meet your dressing and be carried in anytime, anywhere.

Right now !!It's a right reason exactly that we can take away the inconvenient trouble of neckerchief and high neck pullover wearing.
